

# BioBubble™

Innovative Product Solutions

## PRODUCT SOURCING

Whether you're just starting to look for a factory or already in production, our proven process and expertise can help you move faster. We will deeply understand your product and team to match you with the right manufacturing partner from our network of trusted contract manufacturers.

Boca Raton, USA

| Shanghai, China

| Taizhou, China

## Sourcing Oversight

BioBubble has a perfect solution for products and companies looking for scalable manufacturing in the Far East without building out a full team on your own. Listed below are some of the services we can provide:

- Factory selection & vetting
- Project management & support
- Schedule & budget planning
- Independent inspection & factory oversight
- Certification process coordination
- Iterative design reviews
- Component sourcing
- Creation & implementation of quality & testing plans
- Schedule negotiation/acceleration
- Rapid response/"firefighting"
- Factory relationship management
- Supply chain management
- Independent quality audits

## Quotation

Give us a chance to earn your business and send us the same RFQ/RFP that you typically send your suppliers and see why we are consistently awarded the job. If you need help creating RFQ/RFP, give us a call at 561-998-5350.

## Order Quantities

On many sourced products MOQs can start as low as a thousand units. If your company buys more than a thousand units at a time, our sourcing team can save you time and money.

Send RFQ/RFP to [Quotations@BioBubblePets.com](mailto:Quotations@BioBubblePets.com)
